

# **TEXAS SOVEREIGNTY DEFENSE ACT**

Kenneth Hyde – Chief Author  
Republican Candidate for Governor of Texas 2030

**Already written. Ready Day 1.**

**Texas border. Texas troops. Texas rules.**

**No more watching. Texas takes control.**

**One bill. Five historic wins.**

**1. Invocation of the Invasion Clause**

I will invoke the **Invasion Clause** of the U.S. Constitution to formally declare the ongoing border crises an **invasion**. This constitutional trigger empowers Texas to defend our sovereignty independently when federal efforts fail or actively hinder us. It authorizes the full deployment of Texas resources – including National Guard, State Guard, and State Troopers – directly to the riverbank to repel the invasion, secure the border, and protect Texas families from drugs, cartels, human trafficking, and fentanyl.

**2. Immediate deployment of Texas National Guard & State Guard** directly to the riverbank — not 30 miles back.

**3. Full arrest authority restored** — no more catch-and-release on our dime. All razor wire, buoys, and container barriers declared permanent — felony to remove them.

**4. Federal orders to stand down are ignored** unless 2/3 of the Legislature says otherwise.

**5. Authority to detain and deport** illegal entrants, fortify state-owned lands, impose penalties on entities aiding illegal immigration, and nullify conflicting federal policies that undermine Texas border security.

Right now — in January 2026 — the federal invasion continues: over 10 million illegal crossings since Biden, flooding Texas with drugs, crime, and cartels.

Abbott spent \$11 billion to watch — while federal agents cut wire and block our troops. Texas sovereignty is under attack—our border, our safety, our future.

**Responsible the Texas way:** Ties to my **Texas Sovereignty & Influence Shield Act** (ban foreign land ownership). \$3 billion already lined up so DC can't starve us out—fair process with due process for all.

This bill ends the watching on Day 1.

Full border security, no more federal excuses. Revenue from ***Freedom Fund*** boosts enforcement without new taxes.

This isn't just talk.

This is ending the invasion — protecting Texas border, safety, and families — and using bold action to make Texas freer and stronger.

**Security-positive | Sovereignty-first | Texas-first**
